# Seeing stars: science and education with big telescopes

by Prof. Paul Roche

7:30pm - 14th August 2014

(please arrive by 7:15pm)

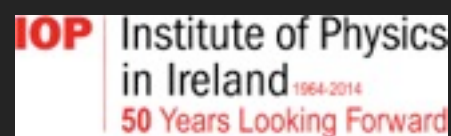

Joly Lecture Theatre, Trinity College Dublin

**Professor Paul Roche (University of South Wales) has spent over 20 years researching massive stars, neutron stars and black holes, and working in astronomy education, outreach and science communication. Indeed, you may have seen him on TV presenting shows such as, “Final Frontier”, “All Night Star Party”, and “Venus Transit 2004”.**

**Paul is also Director of the Faulkes Telescopes Project, the Space Ambassador for Wales, and is the UK National Schools’ Astronomer.**

**Free Entrance — Reservation Required**
